Philosophy and Methodology

Mathematics Introduction	3
Montessori Math	4
Prior Learning	6
Characteristics of Montessori Math Materials	8
Areas of Montessori Math	12

Numbers to Ten

Numbers to Ten Introduction	15
About the Number Rods	18
Counting with the Number Rods	20
About the Sandpaper Numbers	24
Working with the Sandpaper Numbers	26
Matching Number Rods and Number Cards	29
About the Spindle Boxes	32
Counting with the Spindle Boxes	35
Playing the Zero Game	39
About Numbers and Counters	42
Matching Numbers and Counters	44
Playing the Memory Game	48
About the Insta-Learn Math Board	51
Working with the Insta-Learn Math Board	53

Introduction to the Decimal System

Decimal System Introduction	57
About the Golden Bead Material	62
Introducing the Golden Bead Material	66

About the Large and Small Number Cards	70
Introducing the Large Number Cards	73
Counting the Golden Bead Material	76
Sequencing the Large Number Cards	81
Associating Quantities and Numbers	85
Matching Quantities and Numbers	88
Introducing the Bank	93
Playing the Change Game	96

The Four Operations

The Four Operations Introduction	102
Adding with the Golden Bead Material	108
Subtracting with the Golden Bead Material	114
Multiplying with the Golden Bead Material	120
Dividing with the Golden Bead Material	126
About the Stamp Game	132
Introducing the Stamp Game	136
Adding with the Stamp Game	139
Subtracting with the Stamp Game	142
Multiplying with the Stamp Game	146
Dividing with the Stamp Game	149
About the Dot Game	154
Adding with the Dot Game	156
Solving Word Problems	161

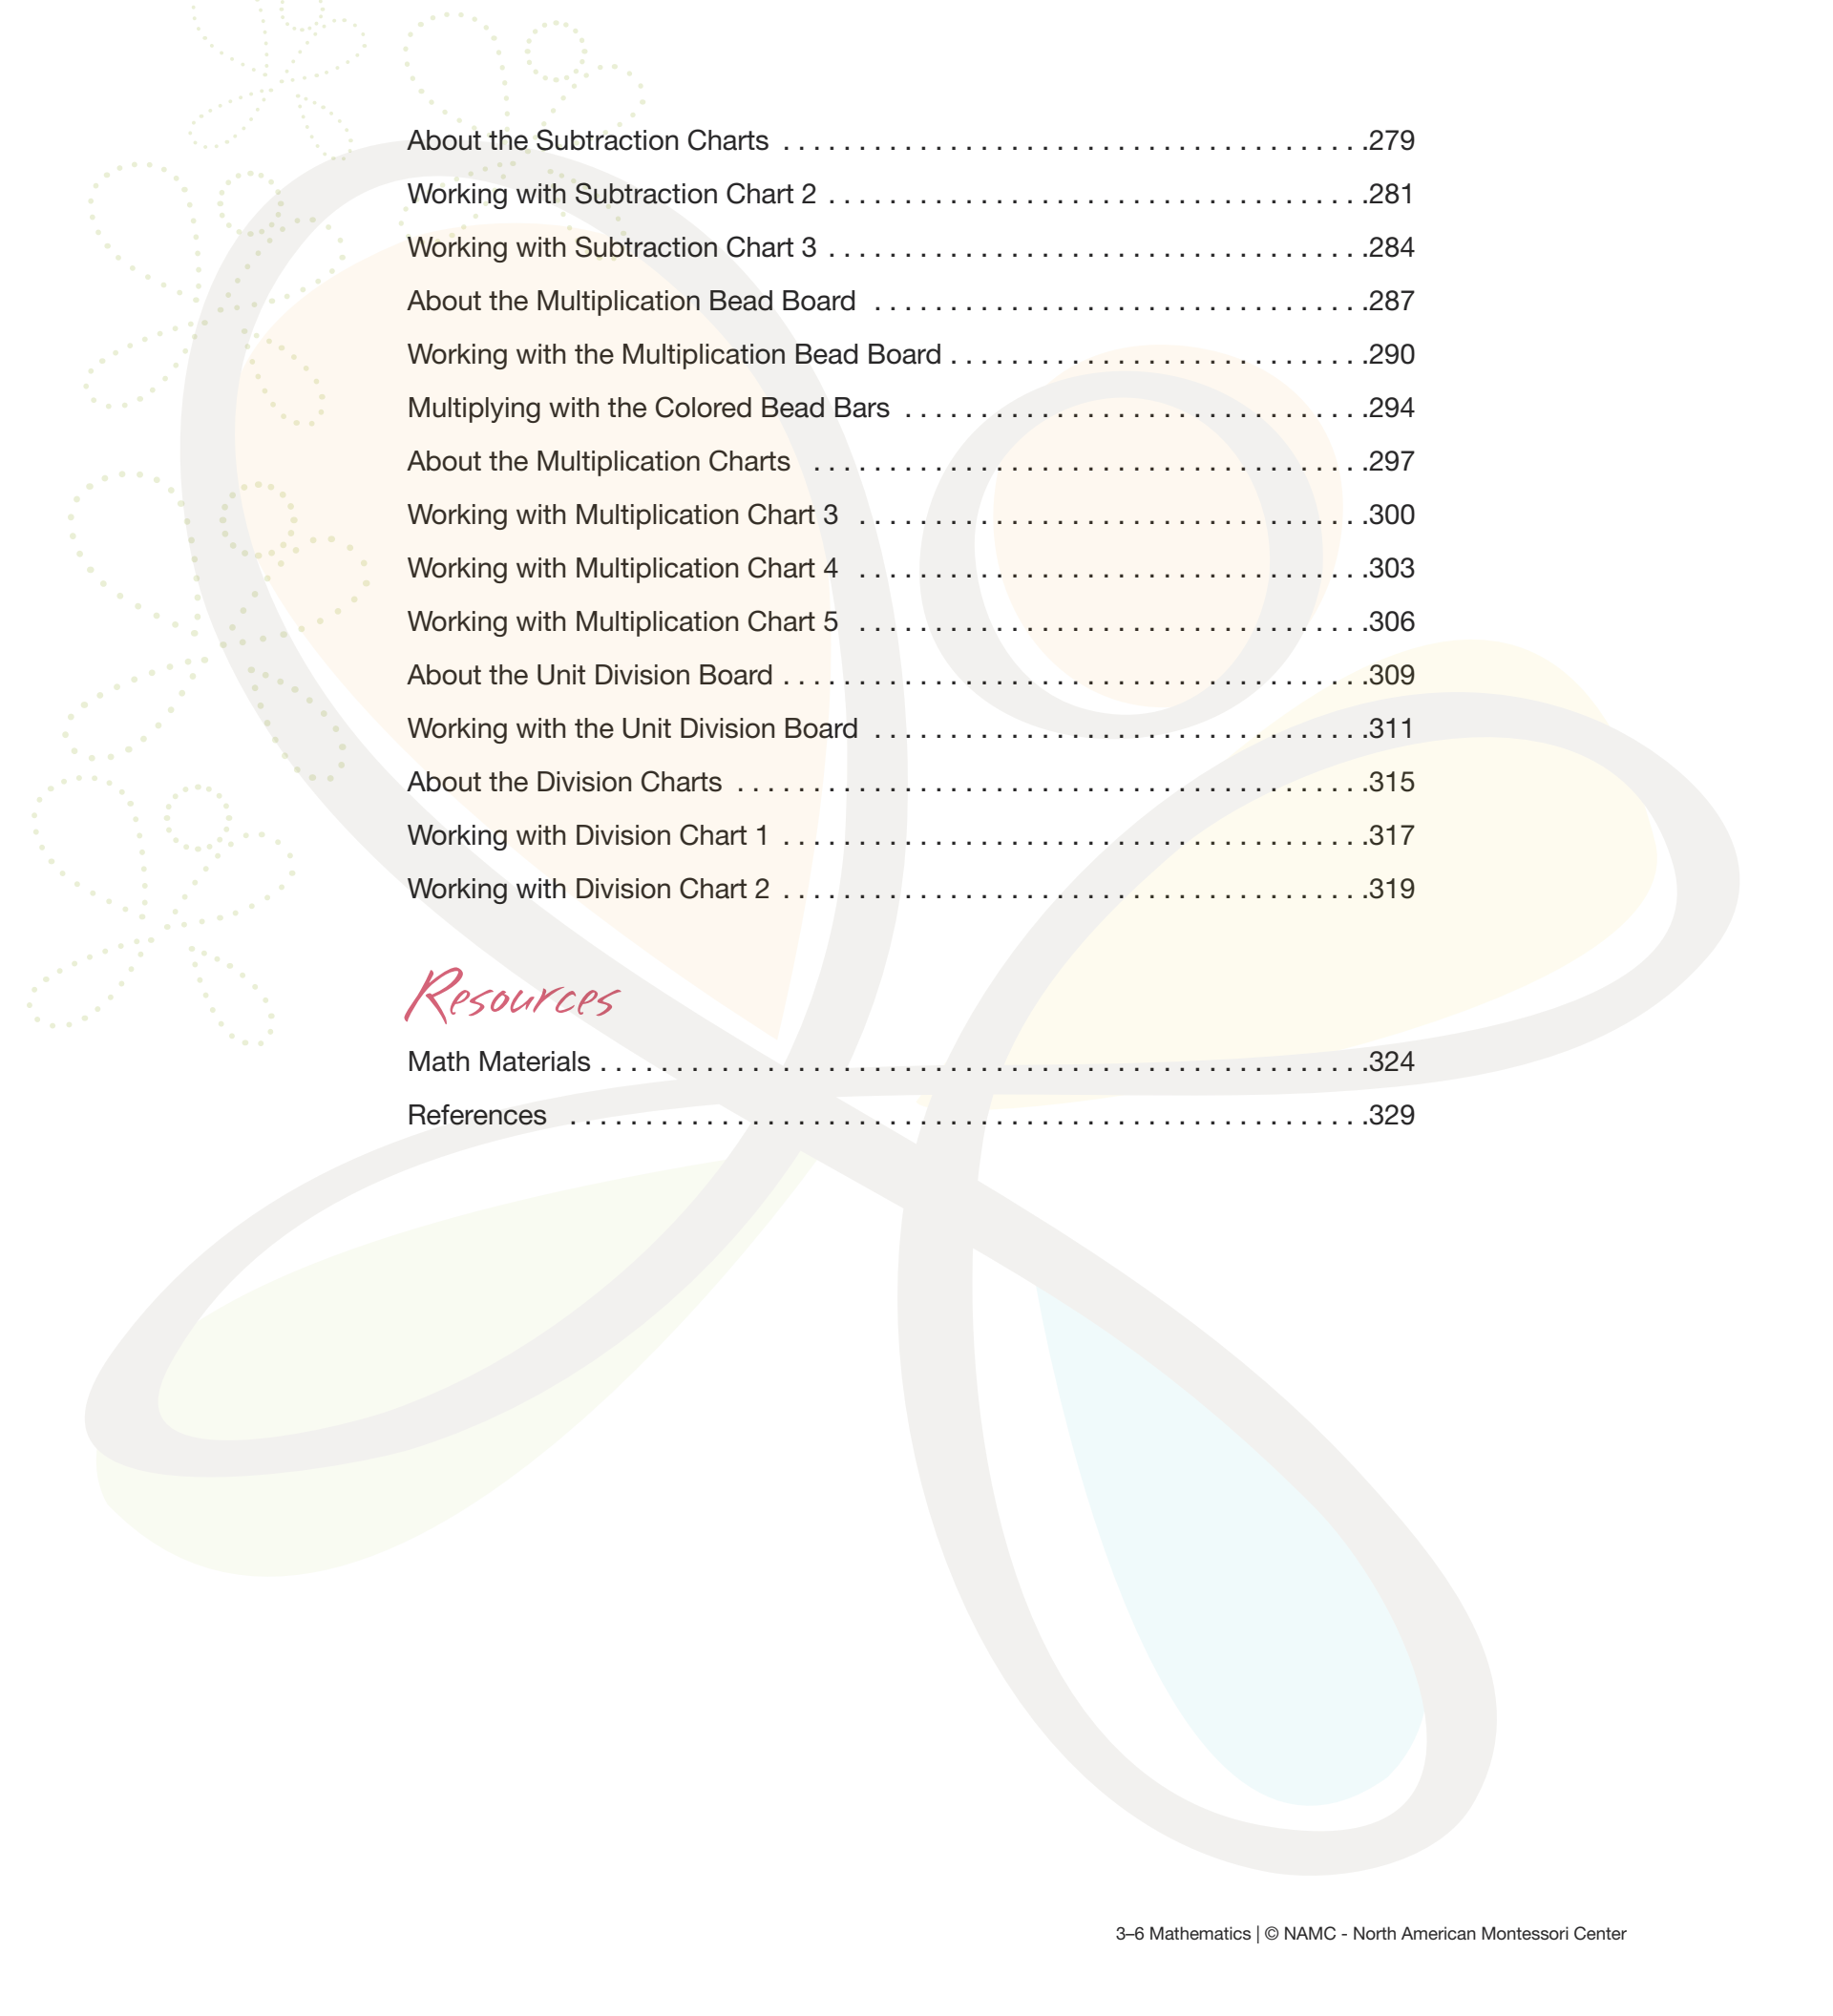

Teens, Tens, and Hundreds

Teens, Tens, and Hundreds Introduction	165
About the Short Bead Stair	168
Counting with the Short Bead Stair	172
Building Quantities 11–19	176
About the Teen Boards and Tens Boards	179
Learning Numbers 11–19 with the Teen Boards	181

Associating Quantities and Symbols for 11–19	.184
About the Teen Frame	.187
Associating Quantities and Symbols 11–19 with the Teen Frame	.188
Building Quantities 10–90	.191
Learning Numbers 10–90 with the Tens Boards	.194
Associating Quantities and Symbols for 10–90	.197
Building Quantities 11–99	.200
Learning Numbers 11–99 with the Tens Boards	.203
Associating Quantities and Symbols for 11–99	.206
About the Hundred Chain	.209
Counting the Hundred Chain	.211
About the Hundred Board	.217
Working with the Hundred Board	.218

Memorization

Memorization Introduction	.223
About the Small Number Rods	.226
Adding with the Small Number Rods	.228
Adding with the Short Bead Stairs	.232
About the Snake Game	.235
Playing the Addition Snake Game	.238
About the Addition Strip Board	.243
Working with the Addition Strip Board	.245
About the Addition Charts	.249
Working with Addition Chart 3	.253
Working with Addition Chart 4	.256
Working with Addition Chart 5	.259
Working with Addition Chart 6	.262
Subtracting with the Small Number Rods	.265
Playing the Subtraction Snake Game	.268
About the Subtraction Strip Board	.272
Working with the Subtraction Strip Board	.274

About the Subtraction Charts279
Working with Subtraction Chart 2281
Working with Subtraction Chart 3284
About the Multiplication Bead Board287
Working with the Multiplication Bead Board290
Multiplying with the Colored Bead Bars294
About the Multiplication Charts297
Working with Multiplication Chart 3300
Working with Multiplication Chart 4303
Working with Multiplication Chart 5306
About the Unit Division Board309
Working with the Unit Division Board311
About the Division Charts315
Working with Division Chart 1317
Working with Division Chart 2319
