

# TABLE OF CONTENTS

<b>HOW THIS MANUAL CAN BE USED .....</b>	<b>1</b>
<b>ASTRONOMY .....</b>	<b>4</b>
<b>Introduction .....</b>	<b>4</b>
<b>Current Scientific Theory About the Creation of the Universe .....</b>	<b>5</b>
Background Information .....	5
Activity 1: Demonstrating the Big Bang Theory .....	11
Activity 2: Demonstrating Hubble's Law .....	13
<b>The Life Cycle of Stars .....</b>	<b>15</b>
Background Information .....	15
Activity 1: Exploring the Life Cycle of a Typical Star .....	21
Activity 2: Exploring the Life Cycle of a Giant Star .....	23
<b>The Visibility of Stars and the Constellations .....</b>	<b>26</b>
Background Information .....	26
Activity 1: Understanding the Relationship Between the Earth and the Stars .....	31
Activity 2: Identifying Constellations .....	33
Activity 3: Exploring the Visibility of Stars in a Constellation .....	35
<b>Light-Years .....</b>	<b>38</b>
Background Information .....	38
Activity 1: Understanding the Light-Year .....	43
Activity 2: Using Light-Years to Calculate Distance .....	45
<b>Astronomical Tools .....</b>	<b>47</b>
Background Information .....	47
Activity 1: Exploring How a Refracting Telescope Works .....	51
Activity 2: Exploring How a Reflecting Telescope Works .....	53
Activity 3: Exploring the Spectrum of a Star .....	55
<b>The Solar System .....</b>	<b>57</b>
Background Information .....	57
Activity 1: Creating a Scale Model of the Milky Way Galaxy .....	66
Activity 2: Building a Scale Model of the Sun and the Planets .....	68
Activity 3: Identifying Patterns in the Solar System .....	71

<b>Earth and the Sun</b> .....	73
Background Information .....	73
Activity 1: Demonstrating the Cycle of Day and Night .....	79
Activity 2: Showing Seasonal Changes in the Length of Day and Night .....	81
Activity 3: Investigating a Second Cause of the Seasons .....	84
<b>The Moon, Tides, and Eclipses</b> .....	87
Background Information .....	87
Activity 1: Understanding the Relationship Between the Earth and Moon .....	92
Activity 2: Understanding the Origins of Tides .....	94
Activity 3: Investigating Eclipses and Tides in Depth .....	96
<b>Asteroids, Comets, and Meteors</b> .....	99
Background Information .....	99
Activity 1: Understanding Asteroids, Comets, and Meteors .....	103
Activity 2: Recreating Meteor Impact Craters .....	105
<b>Outer Space Exploration</b> .....	108
Background Information .....	108
Activity 1: Exploring the History of Human Space Flight .....	119
Activity 2: Exploring Space Flight Beyond the Moon .....	121
<b>RESOURCES</b> .....	123
<b>GLOSSARY</b> .....	134
<b>ECOLOGY</b> .....	141
<b>Introduction</b> .....	141
<b>The Web of Life</b> .....	142
Background Information .....	142
Activity 1: Exploring the Biomes of the Earth .....	149
Activity 2: Understanding Biomes, Ecosystems, and Niches .....	151
Activity 3: Understanding the Web of Life .....	153
<b>Food Chains</b> .....	155
Background Information .....	155
Activity 1: Diagramming a Food Chain .....	161
Activity 2: Identifying the Roles of Organisms in Food Chains .....	164
Activity 3: Creating Compost .....	166

<b>Dependence and Interdependence</b>	169
Background Information	169
Activity 1: Exploring Population Balance in an Ecosystem	174
Activity 2: Identifying Succession in a Forest Ecosystem	176
Activity 3: Creating a Climax Community in the Classroom	178
<b>Adaptation and Evolution</b>	182
Background Information	182
Activity 1: Understanding Innate Abilities and Learned Skills	187
Activity 2: Understanding Adaptation	190
Activity 3: Understanding Evolution through Natural Selection	192
<b>Pollution</b>	195
Background Information	195
Activity 1: Identifying Common Pollutants	199
<b>Water Pollution</b>	201
Background Information	201
Activity 1: Investigating Water Pollution	204
Activity 2: Investigating How a City Deals with Water Pollution	206
<b>Air Pollution</b>	208
Background Information	208
Activity 1: Investigating Air Pollution	211
<b>RESOURCES</b>	213
<b>GLOSSARY</b>	219
