

TABLE OF CONTENTS

HOW THIS MANUAL CAN BE USED	1
INTRODUCTION	5
ZOOLOGY	8
Local Animals	8
Background Information	8
Routines of Local Animals	9
Activity 1: Understanding Animal Routines	16
Activity 2: Learning About the Routines of Local Animals	18
Calls of Vertebrate Animals	20
Activity 1: Studying Animal Sounds	23
External Anatomy and Classification	25
Background Information	25
Classification Overview: How and Why	25
Activity 1: Understanding Classification	35
Activity 2: Reviewing Classification Vocabulary	38
External Anatomy and Classification of Invertebrates	39
Activity 1: Reviewing the External Anatomy of Four Invertebrate Groups	46
Activity 2: Learning to Group and Distinguish Invertebrates	49
Activity 3: Distinguishing Between Arthropods and Classifying Them on the Animal Classification Chart	52
External Anatomy and Classification of Vertebrates	54
Activity 1: Reviewing Vertebrate Classes and Their Distinguishing Characteristics	62
Activity 2: Classifying Vertebrates Using the Animal Classification Chart	66
Identification	69
Background Information	69
Activity 1: Honing Animal Observation Skills	74
Activity 2: Learning to Use a Field Guide to Identify Animals	76
Activity 3: Going Out Activity	78
Internal Anatomy and Physiology	80
Background Information	80

Organ Systems	80
Activity 1: Investigating the Organ Systems of Animals	91
Activity 2: Reviewing Organ Systems	94
Reproduction	95
Activity 1: Investigating Sexual Reproduction	104
Activity 2: Investigating Asexual Reproduction	106
Activity 3: Reviewing Animal Reproduction	108
Adapting to Different Habitats	109
Background Information	109
Adaptations of Hot and Cold Desert Animals	109
Activity 1: Studying the Survival Strategies of Animals Inhabiting Hot and Cold Deserts	116
Adaptations of African Grassland Animals	118
Activity 1: Exploring the Adaptations of African Grassland Mammals	123
Adaptations of Coral Reef Animals	125
Activity 1: Exploring the Adaptations of Coral Reef Animals to Their Environment	129
Cave Animals	131
Activity 1: Exploring the Adaptations of Cave Animals to Their Environment	134
Relationship of Humans with Animals	136
Background Information	136
Uses of Animals	136
Activity 1: Investigating Farming with Animals	144
Activity 2: Exploring Farming Issues Related to Animal Habitat	146
Activity 3: Exploring Animal Use and Protection	148
Activity 4: Understanding Vegetarianism	150
Caring for Animals	151
Activity 1: Caring for Animals in an Aquarium	162
Activity 2: Caring for Animals in Wildlife Rehabilitation Centers	164
Activity 3: Caring for Wildlife in Wildlife Preserves	166
RESOURCES	168
