

TABLE OF CONTENTS

INTRODUCTION	1
Introduction to the Scientific Method	2
Science Experiment Template	5
HEALTH SCIENCES	12
Experiment 1: Resting and Exercising	13
Experiment 2: Washing Away Oil	15
Experiment 3: Measuring Lung Capacity	17
Experiment 4: Measuring Pulse Rate	19
PHYSICAL GEOGRAPHY	21
Experiment 1: Making a Model Volcano	22
Experiment 2: Creating Movement in Water	24
Experiment 3: Freezing Fresh and Salt Water	26
Experiment 4: Guessing at Hidden Objects	28
Experiment 5: Taking a Core Sample	30
Experiment 6: Shifting Continents	32
Experiment 7: Comparing Sun and Shade Temperatures	34
Experiment 8: Forming Dunes with Wind	36
Experiment 9: Changing Shapes by Friction and Abrasion	38
Experiment 10: Causing Erosion	40
Experiment 11: Showing that Heat is Strongest Near the Heat Source ..	41
Experiment 12: Making a Tornado in a Bottle	43
Experiment 13: Detecting Changes in Air Pressure	45
Experiment 14: Changing Shapes Through Pressure	47
Experiment 15: Making a Fossil	49
Experiment 16: Making Stalactites and Stalagmites	51
Experiment 17: Creating a Geyser Gush	53
BOTANY	55
Experiment 1: Splitting Rhubarb Stalks	56
Experiment 2: Watching Osmosis	58
Experiment 3: Oxidizing Fruit	60
Experiment 4: Changing a Flower's Color	62
Experiment 5: Changing a Vegetable's Color	64
Experiment 6: Sprouting Seeds Without Soil	66

Experiment 7: Growing Plants Without Soil	68
Experiment 8: Growing Mold on Bread	70
Experiment 9: Blocking Sunlight From a Leaf	72
Experiment 10: Collecting Water From a Plant	74
Experiment 11: Identifying Plant Pigments	76
MATTER	79
Chemical Properties of Matter	80
Experiment 1: Separating the Colors in Felt Markers	81
Experiment 2: Detecting the Starch in Food	83
Experiment 3: Extinguishing a Flame by Changing the Gas	85
Experiment 4: Dissolving an Eggshell	87
Experiment 5: Turning Copper Coins Green	89
Experiment 6: Erasing Color From Water	91
Experiment 7: Forming Salt Crystals	93
Experiment 8: Eroding Chalk With Acid	95
Experiment 9: Filling the Empty Spaces in Water	97
Experiment 10: Causing Hydrogen Peroxide to Foam	99
Experiment 11: Reading Invisible Writing	101
Physical Properties of Matter	103
Experiment 1: Changing a Solid to a Liquid to a Gas	104
Experiment 2: Floating and Melting Ice	106
Experiment 3: Floating and Sinking Eggs	108
Experiment 4: Floating and Sinking Heavy Objects	110
Experiment 5: Attracting Water Droplets	112
Experiment 6: Separating Mixtures	114
Experiment 7: Cooling Substances Quickly by Changing Their Shape	116
Experiment 8: Designing Marble Paper	118
Experiment 9: Trapping Warm Air	120
Experiment 10: Absorbing and Reflecting Heat	122
Experiment 11: Controlling the Rate of Evaporation	124
Experiment 12: Seeing That Air Takes Up Space	127
Experiment 13: Bouncing Warm and Frozen Tennis Balls	129
Experiment 14: Floating Oil on Water	131
Experiment 15: Forming Oil Droplets on Water	133
Experiment 16: Fitting Water Drops on Pennies	135
Experiment 17: Trapping Air in Soap Bubbles	138

ENERGY	140
Forces: Gravity, Pressure, Friction and Inertia	141
Experiment 1: Escaping Bubbles	142
Experiment 2: Exploding Corn	144
Experiment 3: Propelling a Balloon	146
Experiment 4: Channeling Wind	148
Experiment 5: Defying Gravity	150
Experiment 6: Hanging Water Upside Down	152
Experiment 7: Resting and Falling Coin	154
Experiment 8: Dropping Heavy and Light Objects	155
Experiment 9: Making a Paper Airplane that Defies Gravity	156
Experiment 10: Discovering the Strength of Air	158
Experiment 11: Using Levers	160
Experiment 12: Reducing Friction	162
Experiment 13: Stopping Traveling Objects	164
Experiment 14: Traveling in Orbit	167
Experiment 15: Rotating a Sphere	169
Sound and Light	171
Experiment 1: Producing Thunder	172
Experiment 2: Making Music On a Wine Glass	174
Experiment 3: Making Music With Bottles of Water	176
Experiment 4: Reversing Images with Mirrors	178
Magnetism and Electricity	180
Experiment 1: Testing Objects for Magnetic Properties	181
Experiment 2: Causing Sparks	183
Experiment 3: Adding Electrical Charges to Paper	185
Experiment 4: Creating Static Electricity	187
Experiment 5: Building an Electrical Circuit	189
Experiment 6: Making a Potato Battery	192
