

5th Year Topics	Page Reference	Presentation	Support Material	Presented (date)	Practicing (date)	Mastered (date)	Observations
MULTIPLES, FACTORS, & DIVISIBILITY, CONT'D							
	M1-147	Discovering Which Numbers Are Divisible by 10					
	M1-150	Discovering Which Numbers Are Divisible by 9					

FRACTIONS							
	M1-168	Finding Equivalent Fractions Abstractly					
	M1-170	Reducing Fractions Using the Fraction Circle Box					
	M1-179	Adding Fractions with Different Denominators, Using the Fraction Circle Box					
	M1-185	Subtracting Fractions with Different Denominators, Using the Fraction Circle Box	•				
	M1-189	Multiplying Fractions by Whole Numbers Using the Fraction Circle Box	•				
	M1-191	Multiplying Fractions by Fractions Using Fraction Circles and the Fraction Circle Box					
	M1-194	Dividing Fractions by Whole Numbers Using the Fraction Circles and the Fraction Circle Box	•				
	M1-196	Dividing Fractions by Whole Numbers When Equivalent Fractions Must Be Made First	•				
	M1-199	Dividing Whole Numbers by Fractions Using the Fraction Circle Box					

Sample NAMC Mastery Checklist – Usage Key

Program year

NAMC manual and page

NAMC activity title

Teacher's notes

Manual and page number. For example, M1-150 appears in Math 1, page 150.

NAMC manual section heading

Unshaded activities are introduced in current program year.

Bold font indicates Montessori material. For example, the Fraction Circle Box is used in this activity.

Bullet shows that support material available on NAMC CSM CD.

Shaded activities are introduced in the previous program year and reviewed in current year.
