

TABLE OF CONTENTS

HOW THIS MANUAL CAN BE USED	1
THE IMPORTANCE OF COSMIC EDUCATION AND THE FIVE GREAT LESSONS	5
INTRODUCTION	8
ZOOLOGY	11
Local Animals	11
Background Information	11
Routines of Local Animals	12
Activity 1: Understanding Animal Routines	19
Activity 2: Learning About the Routines of Local Animals	21
Calls of Vertebrate Animals	23
Activity 1: Studying Animal Sounds	26
External Anatomy and Classification	28
Background Information	28
Classification Overview: How and Why	28
Activity 1: Understanding Classification	38
Activity 2: Reviewing Classification Vocabulary	41
External Anatomy and Classification of Invertebrates	42
Activity 1: Reviewing the External Anatomy of Four Invertebrate Groups	49
Activity 2: Learning to Group and Distinguish Invertebrates	52
Activity 3: Distinguishing Between Arthropods and Classifying them on the Animal Classification Chart	55
External Anatomy and Classification of Vertebrates	57
Activity 1: Reviewing Vertebrate Classes and Their Distinguishing Characteristics	66
Activity 2: Classifying Vertebrates Using the Animal Classification Chart	70
Identification	73
Background Information	73
Activity 1: Honing Animal Observation Skills	79
Activity 2: Learning to Use a Field Guide to Identify Animals	81
Activity 3: Going Out Activity	83

Internal Anatomy and Physiology	85
Background Information	85
Organ Systems	85
Activity 1: Investigating the Organ Systems of Animals	98
Activity 2: Reviewing Organ Systems	101
Reproduction	102
Activity 1: Investigating Sexual Reproduction	111
Activity 2: Investigating Asexual Reproduction	113
Activity 3: Reviewing Animal Reproduction	115
Adapting to Different Habitats	117
Background Information	117
Adaptations of Hot and Cold Desert Animals	117
Activity 1: Studying the Survival Strategies of Animals	
Inhabiting Hot and Cold Deserts	124
Adaptations of African Grassland Animals	126
Activity 1: Exploring the Adaptations of African Grassland Mammals ..	132
Adaptations of Coral Reef Animals	134
Activity 1: Exploring the Adaptations	
of Coral Reef Animals to Their Environment	139
Cave Animals	141
Activity 1: Exploring the Adaptations	
of Cave Animals to Their Environment	145
Relationship of Humans with Animals	147
Background Information	147
Uses of Animals	147
Activity 1: Investigating Farming with Animals	156
Activity 2: Exploring Farming Issues Related to Animal Habitat	158
Activity 3: Exploring Animal Use and Protection	160
Activity 4: Understanding Vegetarianism	162
Caring for Animals	163
Activity 1: Caring for Animals in an Aquarium	175
Activity 2: Caring for Animals in Wildlife Rehabilitation Centers	177
Activity 3: Caring for Wildlife in Nature Preserves	180
 RESOURCES FOR TEACHERS AND STUDENTS	 182
Print	182
Web	189
Audio/Video	194

TEMPLATES FOR TEACHERS	196
Self-testing Review Sheet	197
Worksheet: The Routines of Local Animals	198
Activity: Learning About the Organ Systems of Animals	200
Activity: Reviewing Classification Vocabulary	201
Activity: Reviewing Animal Reproduction	204
GLOSSARY	209
