### ACADEMIC HONESTY POLICY

A large part of the Montessori philosophy centers around the ideas of respect and personal responsibility. When enrolling in the NAMC training programs, students are expected to uphold and maintain their personal integrity by submitting independently prepared, conscientious work. NAMC encourages students to use, explore, and analyze the manuals and the NAMC blogsite and other resources, as well as information from books, articles, electronic media and personal experiences. Written responses to the assignment questions should be submitted in your own words. Work from other sources should be appropriately referenced and a citation noted (including the website URL, if applicable). This ensures that proper credit is given to the appropriate source.

It is your responsibility to familiarize yourself with the proper procedure for maintaining academic honesty through this policy. You may also seek assistance from Student Services or your personal tutor in understanding the policy and procedures for Academic Honesty.

To support Academic Honesty at NAMC, any work submitted by students may be reviewed for authenticity and originality utilizing software tools and/or third party services.

In submitting their work to NAMC, student consent to their submission undergoing such review and being retained in a database for comparison with other work submitted by students.
