ACADEMIC HONESTY POLICY

A large part of the Montessori philosophy centers around the ideas of respect and personal responsibility. When enrolling in the NAMC training programs, students are expected to uphold and maintain their personal integrity by submitting independently prepared, conscientious work. NAMC encourages students to use, explore, and analyze NAMC's copyrighted manuals and resources, and personal experiences. Students are expected to complete assignments on their own, without any outside assistance, including the unauthorized use of ChatGPT or similar AI tools for generating content that is submitted as one's own work. NAMC considers this a violation of academic honesty.

It is your responsibility to familiarize yourself with the proper procedure for maintaining academic honesty through this policy. You may also seek assistance from Student Services or your personal tutor in understanding the policy and procedures for Academic Honesty. To support Academic Honesty at NAMC, any work submitted by students may be reviewed for authenticity and originality utilizing software tools and/or third party services.

In submitting their work to NAMC, student consent to their submission undergoing such review and being retained in a database for comparison with other work submitted by students.

PART 8 - RELEASE OF PERSONAL INFORMATION AND SIGN-OFF

- In accordance with Part 4(10)(1)(a) of the *Personal Information Protection Act*, we hereby notify you that your name and personal identification information, the name of your program of study, and the amount of the Program Tuition Fee paid will be stored for the purpose of maintaining an academic record archive.
- Other uses of personal information may include purposes of identification, statistical reporting, determining Program Tuition Fee refund entitlements, measuring program performance, or other requirements. The student's personal information collected by the institution will only be used for the purpose for which it was originally collected or for a use consistent with that purpose unless the student expressly consents otherwise.
