

# TABLE OF CONTENTS

HOW THIS MANUAL CAN BE USED .....	1
INTRODUCTION .....	3
NUMERICAL PLACE VALUE IN THE DECIMAL SYSTEM .....	5
Introduction .....	5
Activity 1: Recognizing Numbers from 999,999,999 up to 999,999,999,999,999 .....	7
OPERATIONS WITH WHOLE NUMBERS .....	10
Introduction .....	10
Addition .....	19
Background Information .....	19
Activity 1: Playing Games to Memorize Addition Facts .....	20
Activity 2: Adding Abstractly Without Exchanging .....	22
Activity 3: Adding Abstractly with Exchanging .....	24
Subtraction .....	26
Background Information .....	26
Activity 1: Playing Games to Memorize Subtraction Facts .....	27
Activity 2: Subtracting Abstractly Without Exchanging .....	29
Activity 3: Subtracting Abstractly with Exchanging .....	31
Multiplication .....	33
Background Information .....	33
Activity 1: Playing Games to Memorize Multiplication Facts .....	36
Activity 2: Multiplying by 1-Digit Numbers on the Checkerboard .....	38
Activity 3: Multiplying 4-Digit Numbers by 2-Digit Numbers on the Checkerboard .....	41
Activity 4: Multiplying 7-Digit Numbers by 2-Digit Numbers on the Checkerboard .....	44
Activity 5: Multiplying 7-Digit Numbers by 2-Digit Numbers Using the Flat Bead Frame .....	47
Activity 6: Multiplying a 4-Digit Number by a 2-Digit Multiplier Using the Bank Game .....	49

Activity 7: Using Colored Bead Bars to Find Missing Factors . . . . .	53
Activity 8: Performing Category Multiplication on the Checkerboard . . . . .	55
Activity 9: Performing Category Multiplication with Mentally Adding Products in Each Category . . . . .	58
Activity 10: Performing Category Multiplication with Mentally Adding Products and with Mental Exchanging . . . . .	61
Activity 11: Multiplying up to 7 Digits by 1 Digit Without the Checkerboard . . . . .	64
Activity 12: Multiplying 2 Digits by 2 Digits Without the Checkerboard . . . . .	66
Activity 13: Multiplying up to 7 Digits by 2 Digits Without the Checkerboard . . . . .	68
<b>Division</b> . . . . .	71
Background Information . . . . .	71
Activity 1: Playing Games to Memorize Division Facts . . . . .	74
Activity 2: Dividing a 3-Digit Number by a 2-Digit Divisor with the Long Division Material . . . . .	76
Activity 3: Dividing Numbers up to 7 Digits by a 2-Digit Divisor with the Long Division Material . . . . .	79
Activity 4: Dividing Numbers up to 7 Digits by a 3- or 4-Digit Divisor with the Long Division Material . . . . .	83
Activity 5: Recording Intermediate Remainders with the Long Division Material . . . . .	87
Activity 6: Recording Partial Products and Intermediate Remainders with the Long Division Material . . . . .	90
Activity 7: Dividing Abstractly up to 7 Digits by a 1-Digit Divisor . . . . .	94
Activity 8: Dividing Abstractly up to 7 Digits by a 2-Digit Divisor . . . . .	98
Activity 9: Dividing Abstractly up to 7 Digits by a 3- or 4-Digit Divisor . . . . .	101
<b>MULTIPLES, FACTORS, AND DIVISIBILITY</b> . . . . .	104
<b>Introduction</b> . . . . .	104
<b>Multiples</b> . . . . .	109
Background Information . . . . .	109
Activity 1: Finding Multiples on the Algebraic Pegboard . . . . .	112
Activity 2: Using the Multiples Tables . . . . .	114
Activity 3: Finding Lowest Common Multiples Using Bead Chains . . . . .	117
<b>Factors and Divisibility</b> . . . . .	119
Background Information . . . . .	119
Activity 1: Factoring Numbers from 1 to 50 Using the Algebraic Pegboard . . . . .	121
Activity 2: Finding Common Factors on the Algebraic Pegboard . . . . .	123

Activity 3: Discovering Which Numbers Are Divisible by 2	125
Activity 4: Discovering Which Numbers Are Divisible by 5	128
Activity 5: Discovering Which Numbers Are Divisible by 10	130
Activity 6: Discovering Which Numbers Are Divisible by 9	132
<b>FRACTIONS</b>	135
<b>Introduction</b>	135
<b>Counting by Fractions</b>	140
Background Information	140
Activity 1: Counting to 100 by Fractions	141
<b>Finding Equivalent Fractions and Reducing Fractions</b>	143
Background Information	143
Activity 1: Finding Equivalent Fractions Using the Fraction Circle Box	145
Activity 2: Finding Equivalent Fractions Abstractly	147
Activity 3: Reducing Fractions Using the Fraction Circle Box	149
<b>Adding and Subtracting Fractions</b>	151
Background Information	151
Activity 1: Adding Fractions with the Same Denominator, Using the Fraction Circle Box	153
Activity 2: Starting to Add Fractions with Different Denominators	155
Activity 3: Adding Fractions with Different Denominators, Using the Fraction Circle Box	157
Activity 4: Subtracting Fractions with the Same Denominator, Using the Fraction Circle Box	159
Activity 5: Starting to Subtract Fractions with Different Denominators	161
Activity 6: Subtracting Fractions with Different Denominators, Using the Fraction Circle Box	163
<b>Multiplying and Dividing Fractions</b>	165
Background Information	165
Activity 1: Multiplying Fractions by Whole Numbers, Using the Fraction Circle Box	167
Activity 2: Multiplying Fractions by Fractions, Using Fraction Circles and the Fraction Circle Box	169
Activity 3: Dividing Fractions by Whole Numbers, Using Fraction Circles and the Fraction Circle Box	172
Activity 4: Dividing Fractions by Whole Numbers When Equivalent Fractions Must Be Made First	174
Activity 5: Dividing Whole Numbers by Fractions, Using the Fraction Circle Box	177

Activity 6: Dividing Fractions by Fractions, Using Fraction Circles and the Fraction Circle Box . . . . .	179
<b>Working with Improper Fractions and Mixed Numbers</b> . . . . .	182
Background Information . . . . .	182
Activity 1: Simplifying Improper Fractions, Using the Fraction Circle Box . . . . .	184
Activity 2: Adding and Subtracting Mixed Numbers with a Common Denominator . . . . .	186
Activity 3: Adding Mixed Numbers with Different Denominators . . . . .	188
Activity 4: Subtracting Mixed Numbers with Different Denominators . . . . .	190
Activity 5: Multiplying Mixed Numbers, Using the Fraction Circle Box . . . . .	192
Activity 6: Dividing Mixed Numbers, Using the Fraction Circle Box . . . . .	195
Activity 7: Expressing a Remainder as a Fraction . . . . .	197
<b>DECIMAL FRACTIONS</b> . . . . .	199
<b>Introduction</b> . . . . .	199
<b>Decimal Fractions and Equivalent Common Fractions</b> . . . . .	203
Background Information . . . . .	203
Activity 1: Understanding Place Value in Decimal Fractions to 0.001 . . . . .	206
Activity 2: Understanding Place Value in Decimal Fractions to 0.000001 . . . . .	210
Activity 3: Building the Decimal Checkerboard . . . . .	213
Activity 4: Recognizing Decimal Fractions, Using the Decimal Checkerboard . . . . .	217
Activity 5: Recognizing Decimal Fractions to 0.999999, Using the Decimal Fraction Board . . . . .	219
Activity 6: Finding Decimal Fractions Equivalent to Common Fractions, Using the Centesimal Frame . . . . .	222
<b>Operations with Decimal Fractions</b> . . . . .	225
Background Information . . . . .	225
Activity 1: Adding Decimal Fractions, Using the Decimal Fraction Board . . . . .	227
Activity 2: Subtracting Decimal Fractions, Using the Decimal Fraction Board . . . . .	230
Activity 3: Multiplying a Decimal Fraction by a 1-Digit Multiplier, Using the Decimal Fraction Board . . . . .	233
Activity 4: Multiplying a Decimal Fraction by a 2-Digit Multiplier, Using the Decimal Checkerboard . . . . .	235
Activity 5: Multiplying a Decimal Fraction by 10 or a Multiple of 10, Using the Decimal Fraction Board . . . . .	240

Activity 6: Multiplying a Whole Number by a 3-Digit Decimal Fraction, Using the Decimal Checkerboard .....	.243
Activity 7: Multiplying a Decimal Fraction by a Decimal Fraction, Using the Decimal Checkerboard .....	.247
Activity 8: Multiplying a Decimal Fraction by a Decimal Fraction, Using the Decimal Fraction Board .....	.250
Activity 9: Dividing a Whole Number or Decimal Fraction by a Whole Number, Using the Decimal Fraction Board .....	.254
Activity 10: Dividing a Decimal Fraction by 10 or a Multiple of 10, Using the Decimal Fraction Board .....	.257
Activity 11: Dividing a Whole Number or Decimal Fraction by a Decimal Fraction .....	.260
